Description: Due to the fast adoption rate of our Bolting Systems torque wrench pumps by customers, SPX Flow Hydraulic Technologies is converting select Power Team branded torque wrench pumps to the Bolting Systems equivalent. The models listed below will be made obsolete and replaced with the Bolting Systems branded version (those with the –BS suffix). Please see the detailed cross reference information in the table below.

Effective Date: Conversion of the Power Team pumps to the Bolting Systems versions will begin immediately. Shipments to customers will be converted as existing inventories are depleted.

Contact: For questions regarding the torque wrench conversion, please contact your local sales representative, or contact someone from the Product Management Team listed below:
