

PRODUCT BULLETIN

Title: Discontinuation of Power Team RC_P and RC_PB Cylinders
Product Line: Power Team
Document #: PMB2101
Date: May 12, 2021

Product Affected: Power Team RC_P and RC_PB Series Pancake Cylinders

Distribution: Distributors / Field Sales / Website

Description: With the recent release of the RGP Series Pancake Cylinders, SPX FLOW Hydraulic Technologies will be making legacy Pancake Cylinders obsolete. The models listed below will be made obsolete and replaced with the new RGP Series models.

SPX FLOW Hydraulic Technologies will continue to support select repair parts for the RC_P and RC_PB series. Seal kits will be available, but machined parts such as pistons, locking collars and cylinder bodies will no longer be supported.

Effective Date: Conversion of the Power Team Pancake Cylinders will begin immediately. Orders to customers will be converted as existing inventories are depleted.

Contact: For questions regarding the cylinder conversion, please contact your local sales representative, or contact someone from the Product Management Team listed below:

Sincerely,

T +1 815 873 3882
