

PRODUCT BULLETIN

Title: Discontinuation of Service Parts for Jacks
Product Line: Power Team
Document #: PMB2301
Date: January 25, 2023

Product Affected: Discontinuation of Service Parts for Select Jacks

Distribution: Channel Partners, Sales, Customer Service and Tech. Support

Description: Moving forward our strategy will be to deplete our inventory of service parts for jacks and focus on end item availability. As a result of this decision, we will no longer offer service parts for bottle jacks, toe jacks and sidewinder jacks. For a detailed list of the affected items, please see table below. Select service parts will remain in stock until inventory is depleted.

Effective Date: These changes are effective immediately.

Contact: For questions regarding the items being made obsolete, please contact Derek Dreier (derek.dreier@spxflow.com)

Best Regards,
