

PRODUCT BULLETIN

Title: Hydraulic Oil Information
Product Line: Power Team
Document #: PMB2401
Date: April 9, 2024

Product Affected: Hydraulic Oil – Date Codes and Shelf Life

Distribution: Channel Partners, Sales, Customer Service and Tech. Support

Description: Recently, we have received some request regarding the packaging dates, lot details and shelf life of our hydraulic oils. Please see below for pertinent information:

Packaging Dates & Lot/Batch Information

Each bottle should be stamped with a code, often near the handle. The breakdown of that information can be found in the Table 1 and Table 2 below:

Shelf Life

Generally, hydraulic fluid is recommended to have a 1-year shelf life from the manufacturer. However, if oil is stored in optimal conditions (i.e. unopened, climate controlled, etc.), the shelf life can be extended up to five years.

Contact: For questions, please contact Derek Dreier (derek.dreier@spxflow.com)

Best Regards,

A handwritten signature in black ink that reads 'Derek Dreier'.
